

**Red Lodge International Ski and
Snowboard Camp Handbook
Summer 2011**

Welcome to the 2011 summer season. Enclosed in the document below you will find some helpful hints, policies and the required paperwork needed to hold your camp at Red Lodge International Summer Ski and Snowboard Camp. If you have any questions please feel free to contact Kurt Hallock at redlodgeracecamp@yahoo.com or 619-922-0726.

Required paperwork

Each person must have a signed Red Lodge International Liability and Indemnification Agreement to participate in any activity on the Twin Lakes Headwall, this includes coaches. The release waiver can be found at the end of this document. We will ONLY issue the number of tickets for which we have the required forms. It is the responsibility of the camp coordinator to ensure that the paperwork is filled out and signed correctly, no exceptions. Those under 18 years of age require a parent or guardian signature.

Prior to your first day of training, the camp coordinator must provide a copy of their roster along with the signed release waivers to the Red Lodge International Training Coordinator. This can be done the night of your arrival if prior arrangements have been made. Please contact Kurt if you would like to check-in prior to your first day on-snow.

Billing Procedures

Each group will be responsible to pay their bill in full on their last day of training. A group account will be set up for each group upon receipt of your deposit. Due to space considerations, a \$500.00 deposit is required by May 1st to reserve lanes for groups of 8 or more. This account will reflect all charges for tickets, salt usage, etc. during your visit. All payments must be made by check or cash in US funds. Any special billing arrangements must be made and approved prior to your arrival.

- Lifts are \$45.00 per day (1 coach's comp ticket per 8 tickets purchased)
- Salt is \$5.00 per bag
 - We run the salt count on an honor system, please report your salt usage to the Training Coordinator or Operations Manager on a daily basis. You are responsible to report your salt usage counts. You will not receive any more bags of salt unless you are current with your counts.
- Gates are \$1.00 per gate per day and must be reserved 24 hours in advance.
 - Broken shafts – \$20.00 each
 - Missing gates – \$50.00 each
 - Broken hinges – \$20.00 each

Daily Operation Procedures

The Twin Lakes Headwall is located 23 miles south of Red Lodge on the Beartooth Pass. We provide 600 acres of skiing at an elevation of 10,900 feet with 1,000 vertical feet of lift served terrain.

**Please take note of the high elevation. This is important due to solar radiation exposure and dehydration.

- Always use liberal amounts of a high SPF sunscreen and wear eye protection.
- Always carry with you sufficient water for the day, we do not have regular lodge facilities with running water available. You are in the wilderness.
- Also be aware that summer snow is very abrasive, so protective clothing should be worn to cover all exposed skin.
- Also be aware that storms can roll in at a moments notice causing us to shut down lifts. Please make sure the campers are prepared with proper foul weather attire.

• Hours of Operations

8:00 am to 2:30 pm during peak periods and weather dependent. Hours may change, but all groups will be notified 24 hours prior. The lifts can shut down at a moments notice if inclement weather dictates. Please prepare your athletes for any type of weather and note that thunderstorms are a common occurrence.

- Each morning it is required that the group leader or a representative from the group come and check in the group prior to groups entrance into the training arena.
 - This is where lane assignments will be posted along with any changes for the day's schedule.
 - Anyone failing to check in prior to entering the area will have their ticket pulled for that day.

• Trash policy

Pack it in/pack it out. We operate under a permit from the Shoshone National Forest. This area is treated like any other National Forest property. It is your responsibility to pick up any and all waste materials created by your camp. We will impose a \$50.00 fee to any camp that leaves litter on the Twin Lakes Headwall. Used salt bags can be returned to the top for disposal. If your camp is in need of regular trash bags they will also be available at the top.

- **Parking**

Parking is limited at the Headwall. We ask that you car-pool to the headwall in order to reduce the number of vehicles left at the top. We do have some overflow parking available, but it will require a shuttle on your part.

- **Road Closures**

There are times when the Beartooth Pass will be closed in the morning and re-opens later in the day. If the Beartooth Pass does close the groups will be notified that morning if they have provided the Training Coordinator with a local number or their cell number. It is the responsibility of the group leader to provide Red Lodge International with a current contact number.

- When needed we will need to coordinate with all the groups, one entrance onto the closed highway. You will then meet at the first closed gate and be escorted to the camp. This is a privilege granted to us by the highway departments, please do not abuse it and follow the directions of the staff.

- **Lost and Found**

We are not responsible for lost/left items on the Twin Lakes Headwall. However, we do make an effort, and lost and found is located at the top check-in area.

- **Grooming**

Machine grooming is done on a regular basis, conditions permitting. Special requests will need to be made 48hrs prior to need and are at the discretion of the Operations Manager. Requests can be made to the Training Coordinator or the Operations Manager. Special grooming fees may apply.

- **Ski Patrol**

Ski Patrol is available on-site during operating hours. They can be contacted through any lift terminal or Red Lodge International employee. In the event of an injury to someone in your group, a coach will be required to accompany that injured person at all times. Please be prepared to provide a copy of their signed medical release form.

- **Ski Area Boundaries**

Skiing or leading groups out of the ski area boundaries is prohibited. The boundary is clearly marked. Disregarding this rule will result in the loss of your lift privileges. This is for your safety.

- **Race Training**

All training will be conducted in the safest manner possible with FIS and USSA guidelines in effect when applicable. Helmets are strongly recommended for all disciplines. Fencing is available upon request and can be put up by your group if deemed necessary by your group.

Please make sure to provide the training coordinator with your training plan prior to the beginning of your camp.
